**NEW NATIONAL RESEARCH WEB SITE FOR REAL ESTATE INVESTORS LAUNCHES
THIS WEEK BY BALTIMORE'S INVESTORS UNITED SCHOOL OF REAL ESTATE**

~ Local Real Estate Investment School Steps into National Spotlight ~

BALTIMORE, MD - July, 2008 - To meet real estate investors' demand for current, comprehensive, and cost-effective real estate information, Investors United School of Real Estate is launching a national real estate research Web site this week. RealFastData.com, the site, quickly delivers access to millions of property records nation-wide and is updated and enhanced *daily* with photos, aerial imagery, maps, statistics, and vital information real estate investors need to make smart decisions.

What makes RealFastData.com specific to the needs of real estate investors is the wide assortment of valuable reports. Use the site to discover real estate opportunities by looking up specific addresses, neighborhoods, absentee or out-of-state owners, apartment buildings, or dozens of other key property characteristics, even when the exact address is unknown. Use the site to investigate properties by looking up aerial views, street and assessor maps, lot boundaries, transfers, refinances, mortgage amounts, document imagery, etc. Pinpoint a property's market value with the scientific Comparable Market Analysis feature. Generate highly targeted marketing lists and spreadsheets, mail-merge letters, or print mailing labels. A 1-800 Help-Line and Live online training sessions make RealFastData.com easy to use. Complimentary to Investors United students and alumni, the fee to the public is \$4.99 for a single detailed report or \$39.99 for an unlimited monthly subscription. New users get 15% OFF with promotional code "Earn+Learn."

Established in 1980 in Baltimore, Investors United School of Real Estate is America's 1st and only professional real estate investment career school. The school offers a comprehensive curriculum taught by distinguished faculty, a 30,000 sq. ft. campus with a state-of-the-art real estate Resource Center open 24/7, and personal mentoring, students can earn while they learn.
